

**Re: Board Meeting**   
Tasha Guadalupe to: Robin Mauck  
Cc: Tricia Kennedy, Bonnie Brush

11/13/2018 12:32 PM

Good afternoon,

Thank you for submitting your materials/resources for consideration at the Gwinnett County Public Schools Community Health Education Advisory Committee meeting on October 23, 2018. The committee's task is to ensure that all instructional resources and materials used for human sexuality/AIDS and sexual abuse and assault awareness prevention are tightly aligned to our academic knowledge and skills and state standards and appropriate for instructional use. Based on the committee's feedback, your presentation has been recommended for submission to the Board of Education for approval for high school. The committee determined that the content your organization submitted would be a good fit for our instructional needs based on our curriculum at that grade level. Instructional materials that are in review will be presented to the Board in the Spring of 2019, for use beginning in the 2019-2020 school year.

In addition, based on the committee's feedback, we are requesting that your organization present the middle grades presentation to CHEAC members in the spring. More information on grades 6-8 is needed before members will be able to make an informed decision to recommend for approval or not.

Thank you again for your interest in and support of our instructional program.

Tasha Guadalupe to: Robin Mauck

11/14/2018 10:05 AM

Yes, and then everything will go to the Board afterwards for next school year. I want to go ahead and get this complete so we do not have to wait another year. Presenting in the spring does not slow anything down as our materials only go to the Board once per year. Let's chat after the break as there is something else that I want to discuss with you.
